PASSIONATE ABOUT SEA ANGLING

HELP US DESIGN THE ULTIMATE FISHING APP!

Could your mobile help you find the best fishing spots, know which bait to use or how to stay safe as you chase the next big catch?

The RNLI's inviting sea anglers of all levels and experience to join us for our first ever FISH HACK.

Hosted at the RNLI College in Poole, this two evening event will see anglers, press members, app designers and technicians come together to design what they think would make the perfect angling app.

The winning concept will be designed, built and launched throughout app stores.

Don't worry if you're not technically minded, each delegate will be teamed up with relevant experts and your hands on experience is invaluable.

Spaces are limited so sign up
